

RODRIGO DE CARVALHO COSTA

Front-End Developer | Systems Analysis and Development Student

Salvador, BA, Brazil · +55 (71) 98264-8511 · rorodrigo012007@gmail.com
github.com/Rodrigo-de-carvalho · portfolio-delta-hazel-54.vercel.app

PROFESSIONAL SUMMARY

Front-End Developer in training, with web applications published and in real use. I work with HTML5, CSS3, JavaScript (ES6+) and React, integrating interfaces with REST APIs and relational databases. I have delivered a system under contract for an external client. I also work in the administrative area of an electrical installation company (quotes, contracts and customer service). Looking for a junior or intern Front-End developer position.

PROFESSIONAL EXPERIENCE

Web Developer — Freelance

2025 – Present

Salvador, BA

- Development and delivery of Ignis Cristão, a gamified Bible study PWA, under contract for the Arenoso Seventh-day Adventist Church: requirements gathering with the client, development and release.
- Pair work using Git version control and task division, from scope to final delivery.

EM Instalações e Manutenções Elétricas

2024 – Present

Administrative and Technical Assistant · Salvador, BA

- Preparation of quotes, contracts and spreadsheets for electrical and network infrastructure projects.
- Development of an internal web tool that generates PDF quotes directly in the browser, replacing the manual assembly of documents.
- Customer service, communication with suppliers, document management and technical support for electrical and network installations.

PROJECTS

Cifra — Personal Finance Manager

React · Supabase · Kotlin (WebView) · Vercel · gerenciador-psi.vercel.app

- Web application for personal finance control: income and expense tracking, real-time balance, transaction history and CSV bank statement import.
- Authentication and persistence with Supabase; Android version packaged in a WebView with Kotlin; personal data handled in compliance with LGPD (Brazil's data protection law).

Forja — Gamified Productivity App

React · Supabase · JavaScript · CSS3 · Vercel · sistema-pyzc.vercel.app

- Web application that turns tasks into quests with RPG mechanics: experience points, progressive levels and daily quests, with Supabase authentication.

Baby Store POS — Point of Sale System

Electron · Node.js · SQLite · JavaScript

- Desktop system used in the daily operation of a physical store: product registration, barcode scanning, checkout and sales reports, with an offline-first local database.

Task Manager with REST API

Python · Flask · MySQL · Android (WebView) · teste-production-afa7.up.railway.app

- REST API in Flask with a MySQL database for creating, editing and querying tasks, also distributed as an Android APK for mobile access.

Dental Clinic Management System

Java · Spring Boot · MySQL · React (academic, team project)

- Spring Boot back end with a REST API consumed by a React front end, developed as a team using Git version control.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript (ES6+), React, Bootstrap, responsive design, REST API consumption

Back-End: Node.js, Python/Flask, Java/Spring Boot, authentication and data modeling

Databases: PostgreSQL (Supabase), MySQL, SQLite

Tools: Git, GitHub, Vercel, Railway, Electron, Kotlin (WebView), VS Code

SOFT SKILLS

- Client communication:** requirements gathering, scope alignment and direct delivery to the client on a paid project.
- Proactivity:** identified a bottleneck in the company's routine and built a tool to automate quotes.
- Self-directed learning:** learned React, Supabase and Electron on my own, with applications running in production.
- Emotional intelligence:** customer service and supplier negotiation, handling deadlines, scope changes and complaints.
- Teamwork:** pair and group development, with task division and code integration via Git.

EDUCATION

Associate Degree in Systems Analysis and Development

2025 – In progress

UniJorge — Centro Universitário Jorge Amado · Salvador, BA · Currently in 3rd semester

- Statistics extension project on residential electricity waste (highest grade).
